

Science May 11-15

This week for science, we will continue exploring animals and survival.

Go to <https://jr.brainpop.com/science/animals/camouflage/> Make sure to log in with the username and password: student79. Watch the video on Camouflage. When you're done, click on Make A Map. Then click on Key Words and drag them one by one on to the page connecting words that are related. You can listen to what the word is about too if you forget, just click on the play button. Take a picture of you Make A Map when you're done and send it to me.
