

## Writing May 11-15

Wednesday: Take out your narrative prewrite and key words from last week. Watch my video about filling in the last rectangle "ending." Then fill out yours. (My video should help you fill it out). Snap a picture of it and send it to me to receive credit for completing it!

Thursday: First, watch my video. Second, begin your rough draft for your narrative essay. We will only work on our opening paragraph. This essay will only be 3 paragraphs. Our paragraphs will be a bit longer than 3 sentences though! If you would like some feedback on your first paragraph, snap a picture of it and send it to me. If not, you don't have to send a picture of it to me yet.

Friday: First, watch my video. Second, take out your rough draft from yesterday and continue to add your second paragraph to it! Again, if you would like feedback from me, you can send me a picture of it. If not, don't send me a picture of it yet.
