

Unit 5 - Task #10

Max lives $\frac{1}{3}$ of a mile from school, Carlos lives $\frac{9}{12}$ of a mile from school, Luke lives $\frac{2}{5}$ and Emma lives $\frac{3}{6}$ of a mile from school.

Use the number line below and place the fractions in order from least to greatest. Write at least two sentences explaining your placements. (Think about which fraction is closer to 0, $\frac{1}{2}$, or 1).

1.

2.
