

Social Studies May 4 - 8

Go to brainpopjr.com (this is where we did our make-a-map last week). Log in, username and password are student79, and in the search bar put branches of government again. Watch the video again that comes up. Then take the "HARD QUIZ." It's only 5 questions. Take a picture at the end that shows your score and send it to me through classdojo as a student. You need to get 5 out of 5. So retake it as many times as you need to!
