

Social Studies May 11-15

Go to <https://bookflix.digital.scholastic.com/pair/detail/bk0041pr/story?authCtx=U.794217314> This is Bookflix. Listen to the video "Scrambled States of America." Then read "Types of Maps." When you are finished with both, on the left side, there are 3 activities: Word Match, Fact or Fiction, and Which One Came First. Complete the 3 activities. When you are done, take a snapshot of your screen and send it to me. (Only take a picture of the last screen. Do not take a picture 3 times). It should say "Nice Work" if you got the questions correct.

If the link doesn't work, just go to the Jefferson website, click on Media Center, click on free for a limited time, and then on Bookflix. Search "States" and select the third pair over - Scrambled States of America and Types of Maps.
